

# FOOD RULES FOR DOGS

*Help keep our dogs safe today!*

## **ALL Alcohol is bad for dogs!**

*Beer is especially bad due to the hops in it*

## **ALL Onions are big time no-no's!**

*Even onion powder is bad for dogs.*

*Specifically a substance contained within Onions called Thiosulphate is harmful*

## **Chocolate is dangerous for dogs!**

*In general, the darker the chocolate the more dangerous it is. Baking chocolate & semi-sweet forms are the most lethal, even in small doses*

## **Avocados are good for us, not dogs!**

*Unfortunately, a substance they contain called Persin is toxic to our dogs*
